

President's Award Winner Nick Kameny

Piedmont Ground Handling

Nomination: I am nominating this employee because he deserves it. Nick goes above and beyond with his work, serving the guests at the gate and helping employees and managers with whatever task needed to be done below the wing. He always has the best attitude and enthusiasm and always willing to help anyone around him even if he has busy schedule with a happy smile.

Nick helps the managers with MIT whenever they are short. He always helps the trainer, training new employees and helping the rampers when they are short-handed for wing walking planes.
